

Sweet Relief 12% MSM Cream (#30A)

NPN# 80025714

Temporarily relieves muscle and joint aches and pains. Used for pain associated with backache, lumbago, strains, and arthritic or rheumatic conditions. Eucalyptus oil and capsaicin provide warming and cooling sensations to help soothe affected muscles.

Ingredients: 12% MSM Powder Capsaicin 0.05% Eucalyptus Essential Oil 1%

Non Medicinal Ingredients: Aloe Vera, Sweet Almond Oil, Allantoin, Avocado Oil, Cetyl Alcohol, Glycerin, Grape Seed Extract, Xanthium Gum, Vitamin E Oil, DL-Panthenol, Vitamin A, glucose, Glucose Lactoperoxidase & Glucose Oxidase

100% Pure Pharmaceutical Grade, Non-GMO & Animal Cruelty Free

Dosage: Apply thinly and evenly to affected area(s) up to 3-4 times daily. Rub and/or massage into skin until solution vanishes. For external use only. Avoid contact with eyes and mucous membranes. Do not apply on wounds or damaged skin. Do not tightly bandage, or apply external heat, such as an electric heating pad or hot water, as this may result in excessive skin irritation or burn. For children 2-12 years, application should be supervised by an adult. Consult a health care practitioner for use beyond 7 weeks.

Pain Management

Topical application of DMSO combined with Sweet Relief Cream in a 1:1 ratio has demonstrated superior absorption when compared to DMSO alone.

This unique penetrating ability may lend itself to numerous applications for treating pain and for added absorption of topical medication in dermatology.

Dosage: Adults, combine and apply ¼ teaspoon of DMSO and Sweet Relief Cream to the affected area(s). Individual needs may vary.

Caution: Allow DMSO/ Sweet Relief combination to air dry / self-absorb. Do not massage it in and do not wrap it.

Side Note: For complete Pain Management it is also recommended to take DLPA (up to 6 capsules a day), SAME Liquid (60 drops twice a day) and Opti-Cal Mag Complex with Vit. K2 (2 capsules twice a day).
