Testimonial: "My mother is never happy. In all my life, I have never heard her say she was fine or good. SAMe was suggested for her depression, and I gave it to her according to the instructions: 40 drops, twice a day. I called her the next morning and asked, 'How are you, Mom?' She answered, 'I am good. I feel normal.' I cried, and now I have my mother back. Thank you so much." — D.Z.
